HWSD and Conditions of Sale

As many of our buyers and sellers may be aware, there is a test available for Hoof Wall Separation Disease which identifies whether a pony is unaffected, a carrier of the disease or has the disease.

N/N means the pony is unaffected by HWSD.

N/HWSD means the pony is a carrier of HWSD but not affected.

HWSD/HWSD means the pony has the disease. However, some ponies may test positive but have no clinical signs of the disease.

2016 was the first year that the CPBS introduced HWSD testing for all foals that are being registered, ponies entered in the sales that have not been tested for HWSD will be sold as they stand. The results of HWSD testing can be found on CPBS website www.CPBSonline.cloudapp.net

Future testing that reveals the pony to be a carrier or positive for HWSD will not be considered as a valid reason for dispute.

As always it is recommended that purchases inspect each lot prior to purchase. The vendor is responsible for the accuracy of all information concerning the description and health of a lot. This would include the declaration of HWSD status if the vendor has that information (i.e. if they have received the results of the pony's HWSD test).

Each lot is sold under the conditions of sale of Connemara Livestock Sales which includes the above additions and are also subject to any announcement that may be made from the Auctioneers Rostrum. Therefore it is the responsibility of all bidders to be in attendance at the commencement of the sale of a Lot to hear any such announcements.

For information regarding HWSD please contact the Connemara Pony Breeders Society.

CONNEMARA LIVESTOCK SALES IRELAND 2014 LTD RESERVE THE RIGHT TO DEBARR ANY INDIVIDUAL FROM FUTURE SALES (EITHER AS A PURCHASER OR VENDOR) FOR FAILURE TO ADHERE TO THE CONDITIONS OF SALE.

HWSD and Conditions of Sale

As many of our buyers and sellers may be aware, there is a test available for Hoof Wall Separation Disease which identifies whether a pony is unaffected, a carrier of the disease or has the disease.

N/N means the pony is unaffected by HWSD.

N/HWSD means the pony is a carrier of HWSD but not affected.

HWSD/HWSD means the pony has the disease. However, some ponies may test positive but have no clinical signs of the disease.

2016 was the first year that the CPBS introduced HWSD testing for all foals that are being registered, ponies entered in the sales that have not been tested for HWSD will be sold as they stand. The results of HWSD testing can be found on CPBS website www.CPBSonline.cloudapp.net

Future testing that reveals the pony to be a carrier or positive for HWSD will not be considered as a valid reason for dispute.

As always it is recommended that purchases inspect each lot prior to purchase. The vendor is responsible for the accuracy of all information concerning the description and health of a lot. This would include the declaration of HWSD status if the vendor has that information (i.e. if they have received the results of the pony's HWSD test).

Each lot is sold under the conditions of sale of Connemara Livestock Sales which includes the above additions and are also subject to any announcement that may be made from the Auctioneers Rostrum. Therefore it is the responsibility of all bidders to be in attendance at the commencement of the sale of a Lot to hear any such announcements.

For information regarding HWSD please contact the Connemara Pony Breeders Society.

CONNEMARA LIVESTOCK SALES IRELAND 2014 LTD RESERVE THE RIGHT TO DEBARR ANY INDIVIDUAL FROM FUTURE SALES (EITHER AS A PURCHASER OR VENDOR) FOR FAILURE TO ADHERE TO THE CONDITIONS OF SALE.

HWSD and Conditions of Sale

As many of our buyers and sellers may be aware, there is a test available for Hoof Wall Separation Disease which identifies whether a pony is unaffected, a carrier of the disease or has the disease.

N/N means the pony is unaffected by HWSD.

N/HWSD means the pony is a carrier of HWSD but not affected.

HWSD/HWSD means the pony has the disease. However, some ponies may test positive but have no clinical signs of the disease.

2016 was the first year that the CPBS introduced HWSD testing for all foals that are being registered, ponies entered in the sales that have not been tested for HWSD will be sold as they stand. The results of HWSD testing can be found on CPBS website www.CPBSonline.cloudapp.net

Future testing that reveals the pony to be a carrier or positive for HWSD will not be considered as a valid reason for dispute.

As always it is recommended that purchases inspect each lot prior to purchase. The vendor is responsible for the accuracy of all information concerning the description and health of a lot. This would include the declaration of HWSD status if the vendor has that information (i.e. if they have received the results of the pony's HWSD test).

Each lot is sold under the conditions of sale of Connemara Livestock Sales which includes the above additions and are also subject to any announcement that may be made from the Auctioneers Rostrum. Therefore it is the responsibility of all bidders to be in attendance at the commencement of the sale of a Lot to hear any such announcements.

For information regarding HWSD please contact the Connemara Pony Breeders Society.

CONNEMARA LIVESTOCK SALES IRELAND 2014 LTD RESERVE THE RIGHT TO DEBARR ANY INDIVIDUAL FROM FUTURE SALES (EITHER AS A PURCHASER OR VENDOR) FOR FAILURE TO ADHERE TO THE CONDITIONS OF SALE.

Connemara Therapeutic Riding Fundraiser 2022

Connemara Therapeutic Riding is a Company Limited By Guarantee, a Charity registered with the CRA and a not-for-profit organization. It was established to provide specific therapeutic riding services and equine-assisted activities to people with a very wide range of mental, physical and intellectual disabilities, including Down's syndrome, autism, acquired brain injury and many more. It also aims to facilitate accessible supported holiday breaks to people with such disabilities and their families/carers in Connemara.

CTR recently moved to its new long-term centre at Cleggan Farm with a new board of directors. At present, we have up to 19 clients availing of our services each week. The TR service requires the employment of one manager and one coach on a full-time basis, and it depends heavily on volunteers to act as lead-rein walkers and side walkers. We also rely heavily on the continued goodwill and support of the wider community for funding.

We are asking the Connemara Pony Community to support us with our new fundraising initiative! For the 2022 breeding season we are asking each stallion owner who would like to take part to support us by donating €200 to CTR in-lieu of a stallion covering. We will in turn list the stallion owners and their stallions, breeding etc., and will ask mare owners to support them. Please contact any of the people below with any queries you might have or for any further information on how to make your donation etc.
