#### **AUCTION CONDITIONS:**

1. Purchasers must be over the age of 18.
- 2.1. Connemara Livestock strongly recommend that Purchasers attend the Sale in person and Purchasers are strongly advised to inspect each Lot prior to purchase. If you are bidding online it is recommended that you have somebody on the ground to inspect the lot before you bid. It is the sole responsibility of the Purchaser to ensure that they are satisfied with the condition of any Lot before bidding. Prospective Purchasers may use a Veterinary Surgeon of their own choice to check or inspect the condition of any Lot prior to Sale provided the consent of the Vendor is obtained in advance and provided that the Vendor expressly consents to the form of inspection to take place and it is understood by prospective Purchasers that such consent is entirely at the Vendor's own discretion.
- 2.2. Any discrepancies between the physical appearance of the relevant Lot and the description provided in the Catalogue must immediately be notified to the auctioneer prior to any potential Purchaser placing a bid on the Lot. Notifying the auctioneer shall preclude any successful Purchaser from later relying on a discrepancy between the physical appearance of the relevant Lot and the description provided in the Catalogue which would have been reasonably apparent on inspection for the purposes of cancelling the contract.
- 2.3. Connemara Livestock shall not be liable for any statement made in this Catalogue or from the rostrum, concerning a Lot listed herein for Sale, nor for any description, pedigree or warranty expressed or implied on its behalf, such information being supplied by the Vendor who alone is responsible for its accuracy.
3. All lots are sold subject to these Connemara Livestock Conditions of Sale and are subject to any announcements that may be made by the auctioneer. A Vendor may call upon Connemara Livestock to amend the Catalogue description at the Sale and it is the Purchaser's responsibility to ensure they hears any such announcement made by the auctioneer. The information on the Connemara Livestock notice board, website and announcement boards in the sales ring is for guidance only and Connemara Livestock is not liable for any error or omission from such information.
4. **Each Vendor undertakes that a Lot entered in the Catalogue shall not be sold before the Sale.**
5. The Vendor is responsible for the accuracy of the content of the Catalogue information and the correction of any error or omission. Connemara Livestock shall not be liable for any statements made in the Catalogue or from the rostrum concerning a Lot and the content or accuracy of any representation or statement are solely made by the Vendor in relation to any Lot. Connemara Livestock reserves the right to correct, without any legal obligation, incomplete or incorrectly completed entry forms to bring them in line with the Connemara Pony Society records.
6. The Vendor is responsible for each Lot, up to any including the Sale. This includes any liability to Connemara Livestock and/or their parties. Vendors are required to ensure that each Lot is appropriately handled and remains under their control. Connemara Livestock holds no liability to third parties including the Vendor or the Purchaser at any time when on the premises of Connemara Livestock as a result of injury from any Lot and this solely rests with the Vendor.
7. There is no term implied in any Sale that any Lot is of merchantable quality or is fit for any particular purpose. Any term, condition or warranty that might be incorporated into or apply to these Conditions of Sale are excluded to the maximum extent permissible by applicable law. It is the responsibility of the Purchaser to ensure that they are satisfied with the condition of any Lot before bidding. Additionally a Purchaser must make their own enquiries and exercise their own judgement as to the value of a Lot.
8. Should any dispute arise between two or more bidders, or between Connemara Livestock and any bidder, Connemara Livestock's decision shall be binding on all parties. At Connemara Livestock's discretion the Lot in dispute may be put up again for auction and resold.
- 9.1. A Lot will be at the Vendor's risk at all times until the fall of the hammer (or time of sale if sold afterwards) when the risk shall pass to the Purchaser subject to condition 9.2 below.
- 9.2. Any Lot sold subject to re-examination under the terms of condition 10 shall be at the Vendor's risk for 60 minutes from the fall of the hammer or, if re-examination is requested, until the completion of the re-examination. Risk remains with the Vendor if/when the Lot fails the examination and passes to the Purchaser if/when the Lot passes the examination.
- 9.3. Notwithstanding the passing of risk in this Condition or delivery of the Lot to the Purchaser, the Vendor shall retain title to the Lot until the Purchase Price has been paid to Connemara Livestock.
- 9.4. Where Connemara Livestock have paid out the Vendor, title to the Lot will vest in Connemara Livestock on the same terms as 9.3 above. Title shall only pass to the Purchaser when the Purchaser has paid the Purchase Price.
- 10.1. Following a successful bid, the Purchaser may notify Connemara Livestock if a re-examination by a Veterinary Surgeon is required and shall specify the reason or reasons to a staff member of Connemara Livestock Sales why such a re-examination is required. Such notification must be made within 60 minutes from the fall of the hammer (the "**Time of Purchase**") and the following conditions shall apply:
- 10.2. In the event that the Purchaser so notifies Connemara Livestock, the Lot shall remain at the Vendor's risk and Connemara Livestock may arrange for such re-examination to take place at the expense of the Purchaser and to be performed on a date and time as agreed between Connemara Livestock, the Vendor and the Purchaser by an equine Veterinary Surgeon appointed by Connemara Livestock;

- 10.3. If on such re-examination a defect is ascertained in the Lot, and such defect has not been referred to in the original Veterinary Certificate furnished by the Vendor prior to the Sale or identified in the entry form or had not been notified by the Vendor to the auctioneer prior to the auction and the appointed equine Veterinary Surgeon is of the opinion that such defect would render the Lot not reasonably fit for purpose then the Purchaser, at their discretion, may terminate the contract return the Lot to the Vendor and seek a refund of the Purchase Price paid or the Purchaser may keep the Lot as is and the contract shall not be terminated and the decision of the Veterinary Surgeon will be final and binding on the parties;
- 10.4. If on such re-examination no such defect is ascertained, that satisfies the provisions of 10.3 title to the Lot shall pass to the purchaser and the purchaser shall take possession of the Lot provided always that the Purchaser has discharged the Purchase Price.
- 10.5. The Purchaser shall not be entitled to call for x-rays to be performed in the re-examination request and if it is requested then the re-examination request shall be denied unless as agreed by all parties.
- 10.6. Failure to give notice and the reason or reasons to Connemara Livestock within the 60-minute period (calculated from the Time of Purchase) shall be an absolute bar to a re-examination and the Purchaser shall be bound to keep and to pay for the Lot.
- 11.1. The Vendor is responsible for the declaration of all known vices and past history of the Lot in relation to unsoundness, ailments or vices on the entry form. The Vendor must declare any problem with the Lot relating to unsoundness, ailments or vices namely that the Lot is a crib-biter, windsucker, is an established weaver, is an established box walker, has been tubed or otherwise operated on for unsoundness in wind or has shown any evidence of sweetitch or any other similar vice. If any of the said problems present, Connemara Livestock shall be notified and that notification shall specify the particular problem within seven days commencing at midnight on the day of the Sale (the “**Date of Sale**”).
- 11.2. In the event of such a written notification being made by the Purchaser in accordance with this condition, Connemara livestock shall then contact the Vendor to make them aware of said complaint. Connemara Livestock may give contact details for both parties to allow for dialogue, discussion and negotiation regarding said complaint. In the event there been no agreement between the parties regarding said complaint Connemara Livestock shall nominate a Veterinary Surgeon or other equine expert to investigate the Purchaser’s claim at the Purchaser’s cost and the decision of such Veterinary Surgeon or equine expert shall be binding on the Vendor and Purchaser.
- 11.3. Failure to give notice specifying the particular problem to Connemara Livestock within the 7-day period (calculated from the Date of Sale) in accordance with this condition shall be an absolute bar to any claim in respect of any alleged problem and the Purchaser shall be bound to keep and to pay for the Lot whether or not such problem is found to exist by a Veterinary Surgeon.
- 11.4. If it is decided that the Lot is returnable, the Vendor shall pay Connemara Livestock all costs and expenses incurred by Connemara Livestock and the amount of the payment shall be fixed by Connemara Livestock whose decision shall be final and binding on the parties. However if it is decided that the Lot is not returnable the Purchaser shall pay Connemara Livestock the amount of the said payment.
- 12.1. The auction shall be conducted in Euro and subject to condition 13 payment must be made in Euro by the Purchaser for each Lot on the day of the Sale and the Lot must be removed by the Purchaser by the close of each day’s sale. Prior to the Sale, Connemara Livestock may agree to other payment terms at their discretion and may allow the Purchaser to remove the Lot before full payment has been received. In the event that payment is not received under the agreed terms, Connemara Livestock will endeavour to collect the debt by whatever means are deemed appropriate.
- 12.2. Payments must be made in cash, by credit card or by Bankers Draft. Prospective Purchasers who wish to pay by cheque or any other method must make arrangements with Connemara Livestock in advance of the sale.
- 12.3. The Vendor will pay commission to Connemara Livestock equal to 1.5% of the Sale Price.
- 12.4. The Purchaser will pay commission to Connemara Livestock equal to 6% of the Purchase Price.
- 12.5. All fees and commissions are subject to VAT at the appropriate rate
- 12.6. A Purchaser shall furnish his name and address to Connemara Livestock immediately after the Lot is knocked down and shall immediately pay the Purchase Price and commission.
- 12.7. - 12.8. Payment to the Vendor or his authorised agent will be made 28 days after the day of the Sale in respect of those Lots where payment has been received.
- 13.1. Where a Purchaser bids or buys on behalf of another, the Purchaser must disclose the name and address of his principal when required by Connemara Livestock and both the Purchaser and his principal shall be jointly and severally liable under these Conditions.
- 13.2. Where the Purchaser notifies Connemara Livestock after the Sale that a Lot has been bought on behalf of another and asks Connemara Livestock to invoice that person (the “Nominee”), Connemara Livestock (at its absolute discretion) may agree to do so, on the basis that the Purchaser and the Nominee will be jointly and severally liable to pay the Purchase Price. The Purchaser’s payment obligations in respect of the relevant Lot will only be discharged in the event that the Nominee has paid the whole of the Purchase Price. However, where the Nominee pays part of the sum due but the remainder is unpaid, Connemara Livestock’s claim shall be limited to the unpaid sum.

- 14.1. Connemara Livestock reserve the right to exclude or remove any person or animal from their premises without giving any reason.

# **HWSD and Conditions of Sale**

As many of our buyers and sellers may be aware, there is a test available for Hoof Wall Separation Disease which identifies whether a pony is unaffected, a carrier of the disease or has the disease.

N/N means the pony is unaffected by HWSD.

N/HWSD means the pony is a carrier of HWSD but not affected.

HWSD/HWSD means the pony has the disease. However, some ponies may test positive but have no clinical signs of the disease.

2016 was the first year that the CPBS introduced HWSD testing for all foals that are being registered, ponies entered in the sales that have not been tested for HWSD will be sold as they stand. The results of HWSD testing can be found on CPBS website [www.CPBSonline.cloudapp.net](http://www.CPBSonline.cloudapp.net)

Future testing that reveals the pony to be a carrier or positive for HWSD will not be considered as a valid reason for dispute.

As always it is recommended that purchasers inspect each lot prior to purchase. The vendor is responsible for the accuracy of all information concerning the description and health of a lot. This would include the declaration of HWSD status if the vendor has that information (i.e. if they have received the results of the pony's HWSD test).

Each lot is sold under the conditions of sale of Connemara Livestock Sales which includes the above additions and are also subject to any announcement that may be made from the Auctioneers Rostrum. Therefore it is the responsibility of all bidders to be in attendance at the commencement of the sale of a Lot to hear any such announcements.

For information regarding HWSD please contact the Connemara Pony Breeders Society.

CONNEMARA LIVESTOCK SALES IRELAND 2014 LTD RESERVE THE RIGHT TO DEBARR ANY INDIVIDUAL FROM FUTURE SALES (EITHER AS A PURCHASER OR VENDOR) FOR FAILURE TO ADHERE TO THE CONDITIONS OF SALE.

VICES/INJURIES: HWSD RESULT: N/HWSD  
COMMENTS: Very well bred and eye-catching 4-yr old filly by Gwennic de Goariva, a French bred Grand Prix show jumper Connemara stallion and winner of the Leading Connemara Sire of the Year award in HOYS 2017 and 2019. Excellent back breeding on dam side also featuring Monaghanstown Fionn and Templebready Fear Bui. Professionally broken only in January 2022, letting her grow and develop as a 3-yr old, never over jumped or over ridden for future career longevity. Vaccinations, physio, dentist etc up to date. Very quiet and easy to handle on the ground, consistently by a 12-yr old girl and straightforward also for farrier, dentist etc. Still only a 4-yr old and lightly ridden, and as such needs further education under saddle. Overstocking necessitates sale. Excellent prospect as a performance pony, as well as a broodmare.

 COMMENTS: Truly outstanding 6 year old class one mare with exceptional performance bloodlines. She is by Dunally lad and out of a Westside Mirah mare and is SJI registered, currently competing successfully on the SJI circuit with a lovely record to date . She is brave and not phased by any fence and is being brought on professionally and slowly and has not been over jumped. She should have approx 30 SJI points by time of sale and would be an ideal candidate for the 6 /7 year old qualifiers for RDS. She has been hunted for 2 years by a 12 year old child, also whipped in hounds last season and would also make an ideal working hunter pony. She is a super model and very true to type.

# **HWSD and Conditions of Sale**

As many of our buyers and sellers may be aware, there is a test available for Hoof Wall Separation Disease which identifies whether a pony is unaffected, a carrier of the disease or has the disease.

N/N means the pony is unaffected by HWSD.

N/HWSD means the pony is a carrier of HWSD but not affected.

HWSD/HWSD means the pony has the disease. However, some ponies may test positive but have no clinical signs of the disease.

2016 was the first year that the CPBS introduced HWSD testing for all foals that are being registered, ponies entered in the sales that have not been tested for HWSD will be sold as they stand. The results of HWSD testing can be found on CPBS website [www.CPBSonline.cloudapp.net](http://www.CPBSonline.cloudapp.net)

Future testing that reveals the pony to be a carrier or positive for HWSD will not be considered as a valid reason for dispute.

As always it is recommended that purchasers inspect each lot prior to purchase. The vendor is responsible for the accuracy of all information concerning the description and health of a lot. This would include the declaration of HWSD status if the vendor has that information (i.e. if they have received the results of the pony's HWSD test).

Each lot is sold under the conditions of sale of Connemara Livestock Sales which includes the above additions and are also subject to any announcement that may be made from the Auctioneers Rostrum. Therefore it is the responsibility of all bidders to be in attendance at the commencement of the sale of a Lot to hear any such announcements.

For information regarding HWSD please contact the Connemara Pony Breeders Society.

CONNEMARA LIVESTOCK SALES IRELAND 2014 LTD RESERVE THE RIGHT TO DEBARR ANY INDIVIDUAL FROM FUTURE SALES (EITHER AS A PURCHASER OR VENDOR) FOR FAILURE TO ADHERE TO THE CONDITIONS OF SALE.

 SEX: Gelding AGE: 3 (2019) HEIGHT: 146cm COLOUR: dun  
 VICES/INJURIES: HWSD RESULT: N/N  
 COMMENTS: Has very good mix of bloodlines of the late Templebready , Westside and Maam. He has the potential to be an eventing pony or a working hunter/ show hunter pony. Lovely trot, even canter. Athletic pony over poles and nice attitude however would not be a pony for a novice rider/ owner as he can be excitable. Needs an experienced home for him to reach his full potential and further his education. Attractive colouring being a dun, a distinctive white blaze down his face, dorsal stripe on his back and his unique light-coloured tail gives him his unique identity.Gentleman in manners and pleasant pony to deal with. Very well handled also. Loves attention and being pampered. Easy do in every way to tack /rug /wash / dose / lunge and shoe/ can be caught out in the field,( loose lunging he can be tricky to be caught.) He has been ridden in a pelham mostly at home. Bolt will travel on his own or in company in a box or lorry. He hacks out on his own or in company ( can get excitable), familiar with machinery such as tractors and heavy machinery. He has had varied work done from road work, beach work and schooling on gallops. He has been shown in hand 2022 and some of his placings include: Athenry Show – 2nd Charleville Show – 2nd Kilkenny IPS – 3rd in both classes  
 Disclosure: He will open stable doors if they are only closed by latches.

 SEX: Gelding AGE: 4 HEIGHT: 143cm COLOUR: white/grey  
 VICES/INJURIES: no HWSD RESULT: N/N  
 COMMENTS: Breeding includes Canal King X Ross Lady. His lines include Oisin , Mervyn Kingsmill , Glencarrig and Templebready fear Bui. He has just been handled, broken and riding this year since March and is just started schooling over poles. (No rider just lunged as considering his height and my weight). Not a pony for a novice rider as he does need an experienced hand to bring him on more as still considered green. To ride he has a nice trot and a comfortable canter. He will listen to your voice. Grey / Roan in colour, white mane, black on his legs. He has done a ridden show class. He is very well handled , can be wary of people but he is not a threat. Loves attention and being pampered. Easy to tack / wash / can be iffy to dose/ shod and lunge in tack. Has been quiet to travel also for few times in the box and in the lorry. He hacks out on his own or in company (can be excitable at times). He is familiar with large machinery and tractors. He has had varied work from road hacking, beach hacks and working on the gallops. Also, ridden in a pelham at home therefore has a soft enough mouth. Will need an experienced rider to further his education.

COMMENTS: Good Temperament. Currently standing approx. 146.5cm. Should finish 148cm. N/N for hoof wall. Bred to be a top competition pony. Quality pony with a refined head and good limbs. Just starting his educational career. Will be lunging and long reining by time of sale. He is by the dun stallion LISHMAR SHADOW who, along with his sire SILVER HEAVEN, have produced a number of show-jumping and eventing ponies competing at 1.20m+ level. His dam is by HOCKI (who jumped to Grade A level in UK, jumping to 1.20m+ and gained his silver BSJA disc based on his performance winnings). HOCKI is the sire of the International event pony MIAMI GOLD, who was a member of the Gold Medal winning GB team at the European Pony Championships in Pratoni del Vivaro. Cookies early back breeding also includes ABBEYLEIX FIONN (who produced a huge number of competition ponies many with SJI points in multiple '000's ) and also the legendary TEMPLEBREADY FEAR BUI (who has sired countless top competition ponies in both showjumping and eventing - including the international pony eventer: Millridge Buachaill Bui, European Pony Bronze Medal, in Malmo, Sweden 2015 , and other high performers Lachstone V B and Versace Biscuit,) Very interesting prospect for the future with high performance bloodlines on both sides.

# **HWSD and Conditions of Sale**

As many of our buyers and sellers may be aware, there is a test available for Hoof Wall Separation Disease which identifies whether a pony is unaffected, a carrier of the disease or has the disease.

N/N means the pony is unaffected by HWSD.

N/HWSD means the pony is a carrier of HWSD but not affected.

HWSD/HWSD means the pony has the disease. However, some ponies may test positive but have no clinical signs of the disease.

2016 was the first year that the CPBS introduced HWSD testing for all foals that are being registered, ponies entered in the sales that have not been tested for HWSD will be sold as they stand. The results of HWSD testing can be found on CPBS website [www.CPBSonline.cloudapp.net](http://www.CPBSonline.cloudapp.net)

Future testing that reveals the pony to be a carrier or positive for HWSD will not be considered as a valid reason for dispute.

As always it is recommended that purchasers inspect each lot prior to purchase. The vendor is responsible for the accuracy of all information concerning the description and health of a lot. This would include the declaration of HWSD status if the vendor has that information (i.e. if they have received the results of the pony's HWSD test).

Each lot is sold under the conditions of sale of Connemara Livestock Sales which includes the above additions and are also subject to any announcement that may be made from the Auctioneers Rostrum. Therefore it is the responsibility of all bidders to be in attendance at the commencement of the sale of a Lot to hear any such announcements.

For information regarding HWSD please contact the Connemara Pony Breeders Society.

CONNEMARA LIVESTOCK SALES IRELAND 2014 LTD RESERVE THE RIGHT TO DEBARR ANY INDIVIDUAL FROM FUTURE SALES (EITHER AS A PURCHASER OR VENDOR) FOR FAILURE TO ADHERE TO THE CONDITIONS OF SALE.
